

# What is **TeMPO Tots**?

Tempo Tots offers live music making as a developmental tool for little ones aged between 3 months - 4 years. The classes aim to facilitate and enhance communication, physical development and bonding between parents and their babies.

Each class is led by professional musicians and is packed with live music, singing, dancing and more, to help little ones develop their social skills, communication, movement and of course singing!

Your child and their friends will have lots of fun in the live interactive music making classes led by the class Tempo Tots facilitators on their guitar, keyboard, flute, cello and voices. But that's not all, each class incorporates a weekly theme with stories, bubbles, puppets, singing, dancing and playing musical instruments!!

Charlotte is also on hand to offer her support including advice around child development and physical wellbeing. Following the session, handouts are available around a variety of areas such as speech and language development, tummy time, hand and play skill information, sensory play and songs.

We look forward to seeing you soon.....

**Facebook Page:** Don't forget you can find us on facebook at Tempo Tots and click 'like' to receive all regular updates.

**Tempo Tot Parties:** If you have a birthday, wedding, Christmas party or Christening coming up and need some entertainment just drop us an email and we can send you all the details. Tempo Tots would be delighted to come along and provide the entertainment, all parties are tailored to how your little one would like it!

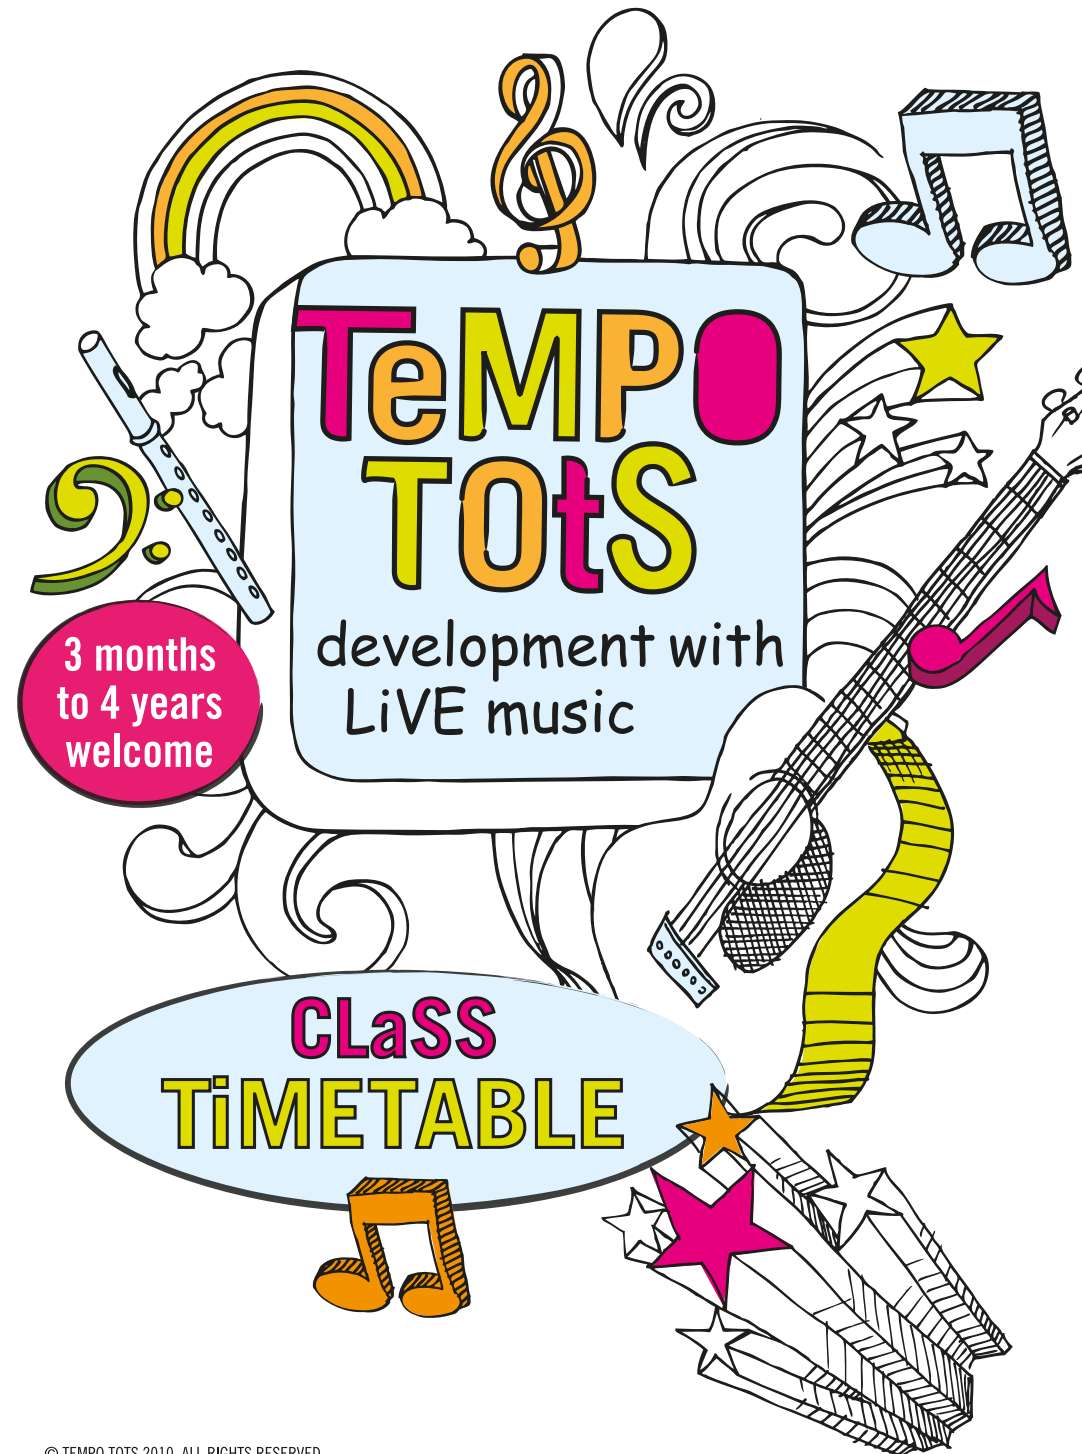

**Training and Workshops:** Tempo Tots offers training courses and workshops to parents/carers, Early Years Practitioners, Children Centres, Nurseries, Schools and Pre-schools.
